Vienna Conference: Sustainable Housing for All

The Affordable Housing Challenge

UNECE Region: over 106 million people experience affordability problems

- 235 million urban households live in substandard housing
- 1.6 billion people (one-third of urban population) do not have adequate & affordable housing

The Solution: Investing in Social Housing

Focus on 3 key contributions to sustainable cities:

Density

Diversity

Design

Density vs Urban Sprawl

Density: Suburbs & Empty Homes

Too many homes without people and too many people without homes – 8 million homeless n

Europe (11 million in Europe)

US cities may have to be bulldozed in order to survive Telegraph 13 June

Dozens of US cities may have entire neighbourhoods bulldozed as part of drastic "shrink to survive" proposals being considered by the Obama administration to tackle economic decline.

Density: Informality

Located just 8 km away from Belgrade, it has grown rapidly since the 1980s when it was home to 12,000 people. Its population

Diversity: Housing & People

Diversity: Amsterdam Rebuilding Neighbourhoods

Diversity: Amsterdam New West

Diversity: New York Mixed Income Housing

Design: Land

Design: Planning Strategies

Design: Vienna Partnerships for Affordable Rental Housing

Kabelwerk: 950 Dwellings Rent/Owner Occupation/ Shopping, offices, kindergarten, green spaces, cultural facilities

Design: Vancouver Olympic Village
